### KENTUCKY GOOD ROADS DAY

INTERESTING AND INSTRUCTIVE PROGRAM AT STATE FAIR GROUNDS SEPTEMBER 15.

On September 15 Kentucky Good Roads Day will be held at the State Fairgrounds and an interesting and instructive program has been arranged.

County Judges, County Road Engineers, County Attorneys, Magistrates and other county and state officials are expected to be present and the County Judge of each county is to appoint ten delegates-at-large.

Delegates should arrive on the grounds as early as 10 a. m. and meet each other at the road exhibit, and at 11 a. m. they will go in a body to inspect the exhibit of machines on the grounds, and the model road recently constructed, after which adjournment will be had for dinner.

In the afternoon the meeting will convene at 2 o'clock in the convention hall, where an attractive program will be rendered, after which the meeting will open for discussion in which each and every one is invited to participate.

The meeting will be one of the largest road meetings held in the state and is meant to bring together road building officials and those interested in roads for the purpose of discussing road building and maintenance.

In addition to the road meeting there will be an exhibition through the courtesy of the office of Public Roads, Washington, D. C., in charge of a U. S. government expert, who will explain the exhibit and discuss road problems with visitors. The State Department of Public Roads will have a representative in attendance, who will hand out road literature and discuss road problems with persons especially interested.

Following is the program:  
Invocation—Rev. Eugene Foote.  
Address of Welcome—Hon. J. W. Newman, Commissioner of Agriculture, on behalf of the State Board of Agriculture.

Response—Hon. Harry A. Sommers.  
"Good Roads"—Hon. A. O. Stanley.  
Address—Hon. Ed. Morrow.  
"Road Economics"—J. J. Tobin, U. S. Government expert, office of Public Roads, Washington, D. C.

"Growth of Road Sentiment and Value of the Present Road Laws"—Hon. R. C. Terrell, State Commissioner of Public Roads.  
Chairman, Col. R. J. McBryde, of Louisville; vice chairman, Mr. Charles A. Barker, of Pembroke.

#### TO PUNISH "HAZERS."

The School Board met Friday evening and ordered that the upper classmen who "hazed" the Freshmen a few days ago by painting their faces with iodine and clipping their hair, shall pay the costs of a haircut and stay in the "coop" forty minutes after each school day for a week, while the ring leaders are to stay ten weeks. The Board of Education seems determined to discourage the practice of "hazing" the first year men in the Maysville schools.

The commercial course in the High School this year seems to be the most popular of all. More than fifty students have been enrolled for this course, while thirty are to take typing.

#### FAMILY FOOD

Crisp, Toothsome and Requires No Cooking.

A little boy down in N. C. asked his mother to write an account of how Grape-Nuts food had helped their family.

She says Grape-Nuts was first brought to her attention where she visited.

"While I was there I used the food regularly. I gained weight and felt so well that when I returned home I began using Grape-Nuts in the family regularly."

"My little 18-months-old baby shortly after being weaned was very ill while teething. She was sick nine weeks and we tried everything. She became so emaciated that it was painful to handle her and we thought we were going to lose her. One day a happy thought urged me to try Grape-Nuts soaked in a little warm milk."

"Well, it worked like a charm and she began taking it regularly and improvement set in at once. She grew well and round and fat as possible on Grape-Nuts."

"Sometime ago several of the family were stricken with La Grippe at the same time, and during the worst stages they could not relish anything in the shape of food but Grape-Nuts and oranges, everything else was nauseating."

"We all appreciate what your famous food has done for our family."

"There's a Reason."

Name given by Postum Co., Battle Creek, Mich.  
Ever read the above letter! A new one appears from time to time. They are genuine, true and full of human interest.

#### A. M. CASEY, RETIRING COUNTY AGENT, SEES VISION OF PROSPEROUS MASON COUNTY BY ORGANIZATION AND CO-OPERATION

Maysville, Ky., September 4, 1915.  
To the Honorable County Judge, the Fiscal Court and the People of Mason County:

As I have ridden over the hills and rolling lands of your county, I have had visions of a "greater Mason County." The time when through co-operative effort the people will take great strides toward a greater agriculture, an agriculture that will know the "why of things," and just what it is that makes increased crop production. Co-operative breeding of live stock and an improved community spirit should obtain. By co-operation and community spirit of the right sort, Mason county should become headquarters for certain breeds of cattle, sheep and hogs; it makes no difference what breed, but it is of vital importance to the prosperity of any agricultural community that there be some uniformity of live stock selection and breeding.

As an example I would suggest that a live stock breeders' association, say of twenty-five or fifty farmers, be formed, all agreeing to work along the same line, raising one breed of cattle, hogs or sheep as the case may be. Each member of the association buying a few females of the agreed breed, not necessarily high priced, improved sires to be secured, the sires to be owned co-operatively, thus securing improvement at a nominal cost, an ideal condition would of course be for every farmer in the county to breed the same kind of cattle, sheep or hogs, so when a buyer wanted a carload of one of these breeds he could not afford to overlook this county. This method could be started in a modest way, gradually working to better stock through the sire, the cheapest way to improve.

Co-operation means the "willingness of the minority to concede to the will of the majority," and if an association of live stock breeders can be formed and this spirit developed, great improvement can be made in the live stock of the county at small cost. I hope to see the time when the county will be organized for better agriculture. This is an essentially agricultural community and practically all the wealth has been produced by the farms and more should be done to promote the interest of the farmers.

The federal government is ready to assist in building up this community, will pay half the salary of a farm demonstrator to help work out the problems. You should get behind this movement, organize a "crop improvement association," get the services of a capable man, back him up and all work together for the common good. The farmers pay the cost of keeping up your schools and roads, pay your county officials, etc., and to have better schools and roads the farmers will have to foot the bills. Why, Mason county can double her income through co-operation effort, so that the expense of good schools and roads will not be a burden, as the farms prosper, so will the town.

The business men are equally interested with the farmers in improved stock and crops and should assist in an organization for better things. I hope to see the time when co-operation in community interests is developed to such an extent that owners of fruit trees will be willing to spray if for no other reason than the good of the fruit interests, and that breeders of live stock will concede to the will of the majority of breeders and work together for a uniform type; that corn growers of a given neighborhood will all grow the same strain of corn, co-operating with the selected breeder for the improvement of that strain that the highest yield and quality may be obtained.

I wish to say in conclusion that I thank the Court and people of Mason and adjoining counties for their assistance to the demonstration work during the two years which I have been representing the county and federal government in this work, and it is with regret that I hereby tender my resignation as County Agent of Mason county. Wishing the people of this section continued prosperity and happiness, I am,

Yours very truly,  
A. M. CASEY.

#### ANOTHER EIGHTH INNING BATTING RALLY WINS THIRD GAME OF POST-SEASON SERIES FOR THE PORTSMOUTH TEAM.

At Portsmouth Saturday the Colonels went down to defeat at the hands of the Cobblers after shutting them out for eight innings, when the Spencers rapped the delivery of Winnie French for seven clean bingles and five runs, enough to put the game in the ice box. The hitting of DeBerry for the Colonels, who got two raps out of four trips to the plate, and Kelly, who got a double and single in four times up.

"Bally" Sharman was the whole show for the Cobblers, getting a single and a double out of three times at bat. Jacobus besides pitching good ball for all but the first inning, hit the pill twice, his raps doing much to win the game. H. Devore pulled one of the most sensational catches ever seen on the Millbrook field when he ran to the fence and got a hot one off the bat of Caton.

The score:  
Maysville ..... 2 0 0 0 0 0 0 0—5  
Portsmouth ..... 0 0 0 0 0 0 5 x—3

#### EDUCATION.

Mason county to the front once more. In another column our readers will see that there have been added two new officials to our educational force. More red tape, we hear some one say.

It must be good red tape for there are already seventy counties in the state which have school supervisors and home economics demonstrators.

We can not go backward in our school work. Our boys and girls are our chief asset. The best is none too good for them. We are in hearty sympathy with the new work and may it prove as useful as the other good things which have been added from time to time to our school work.

Kentucky today has a system of education that is most excellent, and when worked out will place us in the front rank of the states educationally.

#### BIG WAREHOUSE DEAL.

The Independent Loose Leaf Tobacco Company, through W. Holton Key, real estate agent, today closed a trade for the purchase of the Central Warehouse Company's big loose leaf plant.

This now gives the Independent people about 90,000 square feet of floor space, by which it will enable them to handle 500,000 pounds daily, and places this popular concern in position to handle its large and increasing trade, and it also enables the company to guarantee their customers, at least one sale each day, so that in the future there will be no chance of this house passing over a day without giving its customers a sale.

During the last season the Independent people advise us, that they turned away more than a million pounds of tobacco that they could not receive in their house.

#### DANCE AT BEECHWOOD SUCCESS.

The dance given recently at Beechwood Park for the benefit of the First District Parent-Teacher Association was a success in every respect. The public generously responded to this worthy cause and the net proceeds were \$43.50.

The money will be used for the penny lunch which was successfully started last year and will again be in operation the first of October.

The F. H. Traxel Company has donated 100 loaves of bread to be gotten as it is needed.

The penny lunch is really worth while and should receive the co-operation of every citizen.

Miss Elizabeth Thomas, of Chicago, returned home Sunday after a pleasant visit with Mr. and Mrs. J. W. Toile, of East Front street.

Miss Elizabeth Stone left Sunday for Wedonia where she will teach school.

#### OUR COLORED CITIZENS

Messrs. Humphrey and Bradford went to Portsmouth, O., Sunday for the purpose of advertising the Maysville colored fair, which begins this week.

#### TRIBUTE TO FORMER MAYSVILLE CITIZEN.

The following is from the Western Horseman, and is written by C. E. Hazard, the famous horseman:

##### Death of Patrick E. Flanagan.

P. E. Flanagan, the widely known horseman and horseman, passed away in St. Louis, Mo., the night of April 11. He was born in Ireland and came to this country with his parents when a mere child. His boyhood and early manhood were spent in Maysville, Ky., where his parents settled. He removed to St. Louis in the 'seventies, and conducted shoeing shops successfully for about forty years. He had a wide and favorable acquaintance with horsemen throughout the country and was an exceptionally fine workman, having shod many good trotters. He continued in active service until within a few days of his death, which resulted from pneumonia.

He was a student of the breeding problem, a great lover of the American trotter, and bred quite a few in a limited way. Years ago he campaigned a stable and trained and drove the pacing mare Sunshine to high-wheel record of 2:20. He was a man of exceptional character, with a host of friends to mourn his loss.

#### ATTENTION, TOBACCO GROWERS.

Keep your tobacco from house-burning. Our tobacco savers will keep your tobacco free from house-burn; also give it a brighter color. The most progressive farmers in the Burley Belt will use them this season, as hundreds are now being used in central Kentucky. This stove can be seen and demonstrated at the Farmers & Planters Warehouse. We have a supply on hand now and would advise that you phone your order or call in at once, as our supply is limited. This saver is recommended by all the leading tobacco manufacturers. This saver will keep your late tobacco from curing green and will save it from freezing. For sale by Tobacco Saver Distributing Company, phone 193, Forest avenue and Union street, Maysville, Ky. Coke for sale.

Bids will be received until September 16 for building an addition and two Kentucky sanitary privies to the Eastland school building. Plans and specifications may be seen at the office of Superintendent Jessie O. Yancey. Bids will be opened September 16 at 7 p. m. at school building, and let to the lowest and best bidder.

The Board reserves the right to reject any or all bids.

JAMES J. CLAYBROOK,

Chairman of Education Division No. 3, Maysville No. 2.

The Leggett & Brown Carnival, which has been showing at the ball park for the past week, under the auspices of the Maysville Baseball Club, left Saturday night for Newport, where they will show this week.

Dr. B. Kahn, optometrist and optician, will be in his office in the O'Keefe Building, today and tomorrow. Phone 663.
